

2017

ORNANS Antigonish had a busy year. We've had a large changeover in staff recently. We did lots of fundraising through pizza days, 50/50 draws and a gift card survivor. This allowed us to send 5 members to the ORNAC conference in Niagara, which was an amazing experience. We were also able to attend the education day in Halifax and 6 members were able to attend. We also hold an annual tea to raise awareness for the organization and had a large turn out.

We are currently preparing for our conference in June, which is a new adventure for us since none of us has organized anything like this before. We're having fun with it and we are getting lots of help from staff. As usual we are coming up with new fundraising ideas to be sure we are able to attend future conferences.
